

Bible Content Overview Study Guide

Notes for Study

The course and its exams assume a complete reading of the Bible. Scripture is the primary textbook. Dr. Greg Perry's *Bible Content Overview Notes* are available in the Covenant Seminary bookstore for purchase. They have been designed to assist those preparing for the English Bible portion of presbytery exams and the Bible Content exam to recognize the unique place that each book of the Bible has within the canon of Scripture.

Book outlines have been written for easy memorization. Memory verses have been selected either because they encapsulate the book's purpose or they are especially important for liturgical or catechetical functions.

Multiple-choice questions on the exam often concern historical, geographical or other contextual issues (usually concentrated in the first 2 or 3 slides of each lecture). You will also want to note the book and chapter in which key events happen in Scripture (i. e. Passover [Exodus 12]; the Day of Pentecost [Acts 2]). Listing questions will not only cover memory verses and book outlines, but may address other listed material (i. e. the 12 tribes, types of psalms, types of prophetic speech, fruit of the Spirit, etc...).
